

The 11th Annual PNW AIAA Technical Symposium

November 18, 2017 - Lynnwood Convention Center

Call for Abstracts

The Pacific Northwest Section of AIAA cordially invites you to participate in the 11th Annual PNW AIAA Technical Symposium by giving a presentation of your research in aerospace/aeronautics subjects or aerospace-related subjects (autonomous vehicles, machine learning, smart structures, machining and fabrication, etc.)

Presentation Format

Presentations are twenty (20) minutes long with five (5) additional minutes for questions from the audience.

Abstracts

Up to one (1) page summary of the presentation as a .pdf, .doc, or .docx, including a short (up to one paragraph) bio for the presenter(s). Please also identify all co-authors.

Submission Process

Submissions will be accepted electronically through the PNW AIAA Section email at symposium@pnwaiaa.org through **June 15th**.

Use the subject “**2017 Technical Symposium Abstract Submission**” in the subject line of the email. If this is an update to a previous submission, please specify “**Update**” in the subject line and in the body of the email.

Note: Technology transfer and ITAR government reviews are the responsibility of the presenter. Please plan accordingly.

Please contact the presentation selection committee at symposium@pnwaiaa.org for additional comments/questions.
